Box 327 • W61 N631 Mequon Avenue • Cedarburg, Wisconsin 53012

Dear Parent(s) or Guardian(s),

The Cedarburg Fire Department offers a service called child alert. Child alert is designed to assist EMS and Fire personnel in better understanding your child's specific needs in the unfortunate event that your child needs emergency medical care. By having your child's medical information available, providers will be able to give appropriate emergency care for the child and reduce the level of stress often experienced by the parent(s), guardian(s), teachers and children when there is an emergency. We are asking that anyone with child (0-21 years of age) with special healthcare needs enroll. This includes, but is not limited to children with developmental delays, behavioral health problems, physical disabilities, special medical technology or equipment, seizure disorder, severe allergies, hearing loss, vision loss, diabetes, Autism, Down syndrome, Cerebral Palsy and all other specific needs not list. This also includes premature and low birth weight babies. No family will be excluded if they feel their child will benefit from our child alert program.

Please fill out the attached form, have your child's physician sign it. When completed send it with a picture of your child (not required) to the Cedarburg Fire Department, ATTN: Deputy Chief Gordon, P.O. BOX 327, Cedarburg WI 53012. Updates to the child alert program will occur once a year. Participation is strictly on a voluntary basis. You may cancel or update enrollment at any time, by notifying the Cedarburg Fire Department.

We at the Cedarburg Fire Department take great pride in serving our community. If you any question please contact Rebecca Delsman at 262-375-7630 ex. 6173.

We sincerely thank you for your participation and look forward to hearing from you soon.
